Sachin

Hello you mindful gamer, I am Sachin, a neophyte game developer. Currently in 2020 I am an undergraduate student in IIT Delhi but pursue game development as a hobby. I also develop some small and lite software useful for engineering students, also check them out on my social media links given below.

Yaa… that's all about me. Follow me for more amazing stuffs on their way. Believe me every cloud has silver lining.

SACHIN'S CREATIONS

Tank Battle

Tank Battle is an action video game released by Sachin in July 2020. The game is centered around fighting of two players with their tanks. The health of enemy can be decreased by firing missiles on it, a perfect shot completely knocking out the enemy. The first one among the two winning 5 rounds wins the game.
